Your Kirkwall Charretteplus
Orkney Islands Council | Kirkwall | 2017-2018

PROJECT SUMMARY

Your Kirkwall was a series of meaningful community conversations where the whole community came together to discuss and share ideas for the future of Kirkwall for next 10-20 years – to help improve the town as a place to live, work, study and visit. There was a particular effort to engage with young people (workshops and a youth Summit), and the project also listened to local residents, community groups, local businesses and community planning partners to share ideas, set priorities and create a shared vision for Kirkwall.

WHY WE DID IT

It was funded through the smarter choices smarter places fund to help ensure an increase in active and sustainable travel and the social environment.
